

# NATURE DETECTIVES CAMP!

**APRIL 7-11TH, 2025**

**8:30 AM - 3:30 PM | AGES 5-7 / GRADES K-2**

## Are you a super sleuth when it comes to nature?

Join the Santa Cruz Museum of Natural History to solve the puzzles and mysteries of the natural world. Campers will investigate phenomena and collect evidence to draw conclusions about the natural world around us while playing fun games and making great crafts and friends!

Kids who participate in the Nature Detectives camp will leave with a sense of wonder and excitement for nature. They will be proud protectors of Santa Cruz's natural treasures, ready to share their discoveries with their friends and family.

Each of the five days will focus on a different theme that will guide a variety of art projects, science investigations, explorations, and games. "Leave no trace" ethics and safety in nature will be emphasized throughout the week so that campers will leave equipped with a better understanding of how to responsibly interact with the natural world.

**Scholarship applications are accepted November 15th-30, 2024**

Awards will be announced on October 20th

### Registration begins:

December 15th at 9 AM for members

December 16th at 9 AM for non-members
